- 6. Interaction with the Board**

Update on the Planning Status

- First meetings of the Steering Committee have taken place members from Germany, Switzerland and France
- We are on track, although no big changes compared to the presentation in Busan have taken place yet
- Topics were e.g.
 - first steps in detailed planning
 - venue
 - date of the conference
 - timeline
 - first thoughts about the ISC
 - learning from SMiRT 25
 - interaction with the board

- The Maritim Hotel Berlin in the center of the city has been chosen

The Maritim Hotel Berlin occupies a prime, central spot on the city's Tiergarten park in the quiet diplomatic quarter, close to the "Kurfürstendamm" and the "Potsdamer Platz". Close by are the "Kulturforum" with the "Berlin Philharmonie", the New National Gallery, the Painting Gallery and various shopping possibilities.

The Maritim Hotel Berlin is one of the largest conference hotels in Berlin with modern technical equipment and outstanding service to make this event a special occasion.

First steps in the Conference Organization

- First thoughts on the International Scientific Committee (ISC) have begun within the Steering committee
- The ISC will be set up according to IASMiRT good practice and will include two to three SMiRT/ISC experienced experts for each division
- A strong emphasis on the exchange of young and experienced participants will be organized through the organization of special workshops, collaboration with the Young Generation Network of the European Nuclear Society and universities or offering young member awards
- Contacts with SMiRT 25 are being established to learn from experience

- Close contact to the Board through Astrid Petersen's membership in the Board (e. g. Conference manual, best practice discussions)
- Being the 50th anniversary it is planned to put special emphasis on celebratory activities including e. g. retrospective passages during plenary sessions (50 years of ...), a panel with former SMiRT presidents outlining the "next 50 years", and Thomas Jaeger memories
- These celebratory activities will be organized in close cooperation with the IASMiRT 50th Anniversary Committee; contact will be made soon

We are preparing the return to Berlin
